

The most important relationship that I built there was my relationship with God. I was faced with a lot of

personal struggles while I was there and it was only through reaching out to others and reaching out to God that I made it through. In doing this I was brought to a new level in my relationship with God. - Rebecca

This summer, which I spent in Central America, has easily been one of the best experiences of my life thus far. I learned more than I could have imagined in the short time that I spent in Central America and I had fun doing so. - Patrick

This internship with Beyond Partnership was a great way to witness and experience for myself how missions work is done in Central America. I was amazed and impressed at the things that are being accomplished. The native Christian "hermanos" that our team worked with are incredible examples of hard work, loving service, and irrepressible joy. - Elise

2010

SUMMER INTERNSHIP

June 19 - July 31
Central America

Go Beyond Change...

One of Jesus' priorities on earth was to relate to people, and it is through relationships with other believers that we grow closer to Him. Our brothers and sisters from developing countries have much to offer us. Their experiences and relationship with Jesus, which may be different than our own, can help regenerate and redirect our faith.

University**

Go Beyond Your Understanding...

Have you questioned yourself as to whether there is more to Christianity than what you have seen and experienced in the United States? If so, then perhaps this internship is for you. We are looking for a few young men and women, from 20-30 years old who are seeking to deepen their faith in new ways.

Beyond Expectations...

Upon your arrival, you will receive two weeks of intensive Spanish classes in the beautiful highlands of Quetzaltenango, Guatemala. Then we will take you to live and participate among dynamic national ministries in Guatemala, Honduras, and Nicaragua, learning under local leaders. You will have the opportunity to help with construction, work with a ministry to the deaf, and much more. We aren't looking for expert builders or youth ministers - just people willing to learn from others and give of themselves.

You will have bilingual Beyond Partnership staff who know the national leaders and ministries to help guide you along the way. They will lead the interns in orientation, reflection, and all types of logistics.

You will stay and eat with local families from the churches so that you can learn about their lives and culture. You will use local transportation to get from one place to another, including travel between countries.

Total Cost: \$ 3050.00

Includes all transportation, food, housing, materials, and travel insurance for the duration of the trip.

Deadline: An application fee of \$35 is due March 1. A deposit of \$500 is required by April 1 to reserve your place on the summer internship team.

Limited Space Available: In order to maximize your experience of building relationships with the nationals and amongst the team, we will limit the size of the team.
